Business Speed Meeting is a fun, exciting and effective way to make a lot of initial connections in a very different environment from the standard business networking. You will have the opportunity to network with many other business professionals in a very short period of time and move methodically from one business prospect to the next, getting acquainted for just a few minutes at a time. You won't have time to make a business deal in fifteen minutes, but you'll gather an impressive list of people that you may be able to work with in the future!

At the beginning of the Speed Business Meeting the Gold Sponsor(s) will have an opportunity to perform a 10-th minutes presentation.

## **Part II – Business Mixer (Cocktail)**

Time: 6.30 pm – 9.00 pm

Participants: about 80 persons (Top management and middle management from companies associated in 5 Chambers of Commerce, representatives of the local government).

Business Mixers are popular meetings which aim is to network with potential business partners and clients in a less formal atmosphere. The Cocktail following Speed Business
