# SAILSPACE

## THE CREATIVE BUSINESS NETWORK

A premium experience with Olympic class

### ABOUT THE EVENT

**SAILSPACE** is a two-day break from everyday life in the summer, where sailing and top-level sport meet and business networking takes on a whole new dimension. The Belgian Business Chamber (BBC), together with the Polish Yachting Association (PZZ) — a leader in the organisation of sporting events — invites you to Gdynia, the Sailing Capital of Poland. Join us in the middle of the biggest and most exciting festival, the Gdynia Sailing Days!

This is a unique opportunity to meet new people and have new experiences. Join a sailing adventure with like-minded individuals who want to experience the energy of the sea, the freedom of the open water and unforgettable emotions.

Have you ever watched a regatta and wondered what it would be like to be on board the boat that the Olympic athletes sail in? What is a regatta like up close, when you can hear the rustling of the sails and the crew's commands? Or would you like to find out how long it takes to clip into the trapeze of a 49er before the boat heels over?

**We would like to invite you to the sailing world of the Polish Yachting Association, where you can experience everything for yourself. See what we have prepared for you as part of SAILSPACE.**

**GDYNIA SAILING DAYS**

 **24-25 July 2025**

 **Gdynia**

## Networking in the nautical chill-out zone

This is a space for casual, uninhibited conversations — there's no script, no time pressure and no unnecessary formality. It's here that relationships are formed naturally, in an atmosphere of openness and comfort, free from the usual patterns. This is where the most interesting and unexpected connections are made.

## Training on a 49er yacht with Dominik Buksak

Feel the unparalleled thrill and speed. Hop aboard a 49er yacht — the fastest Olympic class and known as the Formula 1 of sailing — and enter the world of competitors who face the wind at the highest level. Under the guidance of two-time European vice-champion and Paris 2024 Olympian Dominik Buksak, you will experience the true thrill of edge sailing. You can't understand the thrill of plugging into the trapeze, balancing and performing lightning-fast manoeuvres from the shore. Here, you will become part of the crew and experience sailing first-hand.

## Luxury catamaran cruise

This 90-minute cruise aboard a 45-foot catamaran offers a unique opportunity to experience the World Youth Match Racing Championship first-hand. With its spacious deck, elegant interiors and comfortable lounge area, the catamaran provides the perfect environment for conversation and relaxation. During this Mediterranean-inspired cruise, guests will be joined by some of the most exceptional athletes and Olympic Games participants in sailing: Piotr Myszka, an exceptional Polish windsurfer specialising in the RS:X class, who is a two-time world champion (2010 and 2016), European champion, and has won multiple medals in major international events. He also represented Poland at the Olympic Games in Rio de Janeiro (2016) and Tokyo (2020). Also on board will be Paweł Kołodziński, a Polish Olympian and an experienced racing sailor who competes in the spectacular 49er class. Guests are guaranteed an inspiring conversation full of experience and energy, combined with tactical commentary of the observed regatta. Refreshments and selected drinks will be provided for cruise participants. This intimate, 19-person cruise is an ideal space for meetings, conversations and sailing experiences in comfortable conditions.

*SAILSPACE is a meeting space that changes course.*

## Take a cruise on a seagoing speedboat!

If you're looking for an even more powerful experience, you can enjoy a 90-minute cruise on a 48-foot speedboat. This cruise is perfect for those who appreciate modernity, pace and independence in a unique maritime setting. Two fully equipped yachts will be at your disposal, allowing you to enjoy the experience at your own pace while watching the Youth Match Racing World Championships. The cruise will be attended by excellent competitors from the Polish Yachting Association's National Team, who will share their experience and talk about what goes on behind the scenes at a world-level sporting competition. The powerboat cruise also offers a great opportunity to relax and network further.

## Recovery session

When did you last need to recover properly, both physically and mentally? In today's high-pressure world, where decisions must be made quickly and activities are intense, achieving inner calm and managing your concentration becomes a key advantage. FocusCalm is a state-of-the-art neurotraining technology that measures brain activity and teaches you how to regulate it. During the session, we will demonstrate how PGA athletes use this technique and what mental training with this tool involves. Guests will also have the opportunity to try out the wristband themselves and learn the basics of working with their attention span. This is where business meets neurotraining, giving your mind space to calm down. Make room for clarity — it could be the most valuable quarter of an hour of your day.

*If unfavourable weather conditions or other factors prevent attractions on the water, we provide alternative activities on land. Whatever the weather, we guarantee an unforgettable experience and opportunities for meaningful encounters.*

## At the PGE PolSailing Zone, you can immerse yourself in sailing at all levels, from the simulator to the deck

Here, technology meets sailing passion. Try eSailing on tablets or with fully immersive VR goggles that transport you straight onto a yacht. Realistic graphics, changing weather conditions and racing simulations let you experience the thrill of competition without getting wet, but with all the excitement of being at sea. If you want to

learn the basics of steering a yacht, you can use the sailing simulator to see and learn how to manoeuvre, work the sail and make decisions in response to the wind. This is the perfect way to introduce everyone to the world of sailing on their own terms and at their own pace. With our mobile zone, we aim to inspire action and open the door to a world of innovation and collaboration.

### Does that sound great? Join us!

For over 100 years, we have been developing Polish sailing — not just as a hobby, but as a way of life, offering unforgettable experiences and a world of values and emotions. We organise the biggest sailing events in Europe, including the prestigious Gdynia Sailing Days. We invite you to experience our events first-hand, where sport is combined with relationships and professionalism goes hand in hand with an open, friendly atmosphere.

### Why choose our event?

Because, rather than watching what happens on the water from the shore, we invite you to join us on board. You will have access to Olympians of sailing regattas, real equipment and the excitement and freedom that cannot be found in a hotel conference room.

### What sets us apart?

Authenticity, experience and ingenuity. We create events with soul, full of energy, quality and class. In an increasingly predictable world, often created by AI, we offer something real.

### Who will we be seeing on 24 and 25 July?

Anyone who sails, or wants to fall in love with sailing like we do. We're inviting BBC members and business leaders who want to do things differently. We want to meet people who value relationships over business cards, who appreciate valuable experiences, and who know that the best conversations are born in good wind and calm water.

If you want to spend two days feeling like you can achieve anything, you're in the right place.

## WHAT AWAITS YOU?

### 24 July 2025 (Thursday)

14:45	Registration and welcome refreshments for participants in the central area of the Gdynia Sailing Days
15:00	Official opening of SAILSPACE
