Sophia Pileggi (Miami) - piano

Viacheslav Shelepov (Hanover) - piano

Concert pianists

Marie François (Antwerp) - piano

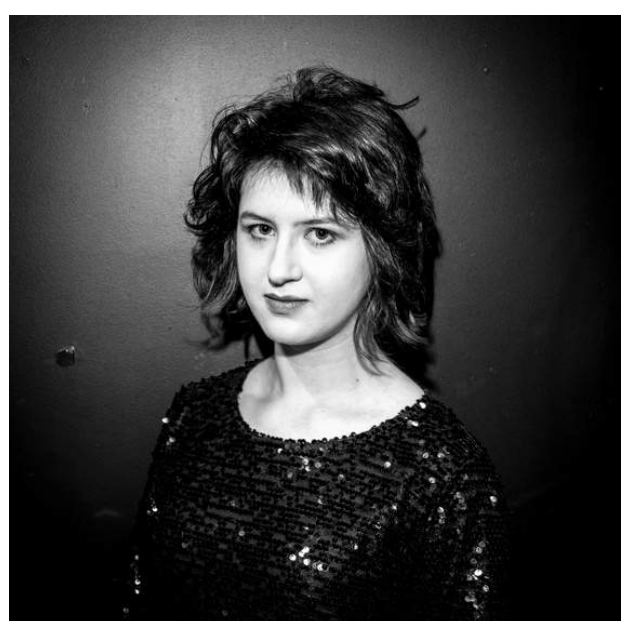

Andrzej Wierciński (Warsaw) - piano

Scholarship holders of the Julian Cochran Foundation

Gabriela Graboń (Łódź) - violin

Magdalena Lucjan (Vienna) - soprano

Paweł Popko (Warsaw) - piano

CONCERT PROGRAMME

The concert will be dedicated to music of Julian Cochran - an Australian pianist, composer, and mathematician, whose music was an inspiration for the establishment of Julian Cochran Foundation. Cochran's compositions interlace the aesthetics of Romanticism and early 20th century styles to arrive at an original musical language which draws from the pianistic heritage of Liszt, Chopin, Prokofiev, and Ravel. He will come to Warsaw from Adelaide especially for this unique event.

Repertoire - all works by Julian Cochran:
Selection of Preludes, Mazurkas, Night Scenes
and Romanian Dances

ABOUT THE PROJECT

On the occasion of the 5th anniversary of the Julian Cochran Foundation launched a new concert series called "Cochran Days". This series consists of recitals by extraordinary artists dedicated to the music of Julian Cochran.

The concert "All about Cochran Music" will be a continuation of this unique series organized by Julian Cochran Foundation which was founded in 2016 out of love to classical music and the desire to expand the group of its listeners.

The foundation supports, promotes and helps young artists, organizes events for children and adults in Warsaw's Hala Koszyki and the world's first online piano competition. It is also the initiator of the social campaign #modanaklasę.

The educational aspect is of great importance in the daily work, activities and ideas of the foundation. Many projects were created with it in mind. Each of the foundation's activities broadens the knowledge of recipients about classical music.
